The School and Students

Lycée Saint-Joseph was founded by the Lasalle Christian Brothers in 1870 as a school for boys on a campus of 32,000m². Today, it is a coeducational facility for 1005 students (192-210 students per year) in grades 9-12. The student body consists a nationwide group of boys and girls selected on the basis of their performance in a highly competitive entrance examination administered by the Association of the Private High Schools under the control of Turkish Ministry of Education.

Lycée Saint-Joseph has been the most rigorous and demanding French school in Turkey since it was founded in 1870. Being one of the oldest educational institutions, it has also been known for its highly qualified students. As our school is among the top 5 high schools in Turkey, the admitted students are from the top 3% of those who take the entrance examination.

Dr Esat Işık Caddesi No:62 34710 Kadıköy, İstanbul / Türkiye

KADIKÖY

Our goal is to give the students the opportunity to determine their own principles out of a synthesis of cultures and gain some noble qualities to distinguish themselves from the others. Therefore, our school demands more sophisticated students who are successful both in their studies and in their relationships and social activities.

Education at Lycée Saint-Joseph consists of 1 year (2 years until 1998-1999) of intensive French followed by 4 years (3 years until 2001-2002) of Senior High School. Computer Sciences, French, French Literature, Mathematics and Sciences are taught in French by either the members of Christian Brothers or French teachers or French speaking Turkish teachers. Other courses such as Turkish Literature and Social Sciences are taught in Turkish as required by the Turkish Government.

The Faculty consists of 93 full-time teachers, 41 of whom speak French. Among these 93 teachers, 18 are of French nationality and 75 are Turkish. 36 teachers have a Master's degree. All the Turkish staff hold degrees from various 4 years UNIVERSities.

Strong alumni relations of Saint-Joseph graduates are exemplary in our community. SJ Foundation which is adjacent to the campus is a meeting point with tennis courts and cafes for all of our alumni living in Istanbul or for those "just visiting". Saint-Joseph Educational Foundation is also another asset for our students and graduates.

Saint-Joseph gives special importance to sports, especially basketball and volleyball. Our school has won many championships in Turkey, Europe and elsewhere in the world in tournaments organized among high-schools.

The school has also a "Natural Science Museum" founded in 1910, in which 3300 kinds of minerals, a total of 20,000 different insects, birds and animals and 35,000 herbs are displayed.

Diploma equivalence

As of March 12ⁿ 1963, the diploma of Saint-Joseph high school is equivalent to the French Bac. ("Journal Officiel de la République Française" March 21st 1963, pages 2714, 2734 and 2735.)

The Curriculum

The Junior and Senior High School operate on a 40 academic hour weekly schedule with a total of 5 years of Mathematics (Trigonometry, Algebra and Calculus), 4 years of Chemistry, 4 years of Physics, 4 years of General Sciences, 5 years of French and 5 years of English, 3 years of Visual Arts, 2 years of Music.

All science courses are taught at College Level.

The grading system

There is no ranking system available in our school. The grading system is based on a scale of 0 through 100. Since the grading system is not curved, please refer to the grade distribution report while evaluating the student transcript. Exams are rated on a scale of 100.

Excellent	85,00 – 100,00
Very Good	70,00 – 84,99
Average	60,00 – 69,99
Pass	50,00 – 59,99
Failing	00,00 – 49,99

Saint-Joseph is a French oriented high school, which adheres to the French system's very strong high qualified school curriculum and very strict grading system. Usually, our top students earn a GPA within the range of 95.00 – 100.00 The school's grading system policy is designed to challenge students, and encourage them to be competitive and hardworking.

Required and Elective Courses

All students must take the following required courses:

Turkish Literature, French Literature, English, History, Geography, Physical Education, Religion and Ethics.

For Applied Sciences diploma, the following courses are offered:

Mathematics (I, II, III,IV), Applied Physics (I, II), Applied Chemistry (I, II), Computer Sciences, Biology (I, II,III,IV), Chemistry (I, II, III, IV), and Physics (I, II, III,IV).

For Life Sciences diploma, the following courses are offered :

Linguistic (I, II), Computer Sciences, Psychology, Geography of Turkey (I, II), Literary Texts (I, II), Advanced French, Logic.

Furthermore, some courses taught at the 12th grade are AP degree level courses, although they are not called so. These AP level courses are: Biology III, Physics III, Applied Physics II, Applied Chemistry II, Mathematics III.

Education in High School preparatory

- Time : 1 year
- 40 periods per week
- 26 periods of courses are in French, 3 periods in English and 11 periods in Turkish
- Lessons : French, Turkish, Mathematics, English, Sciences, Multimedia Laboratory (Seminar), Physical Education

Education in High School

T.C.
MİLLİ EĞİTİM BAKANLIĞI
İSTANBUL ÖZEL SAINT-JOSEPH FRANSIZ LİSESİ
KADIKÖY

- Time : 4 years
- 40 periods per week
- Distribution of courses :

Grade 9, 22 periods in french, 2 in English and 16 in turkish

Grade10,20 periods in french, 2 in English and 18 in turkish;

Grade11,17 to 23 periods in French, 2 to 3 in English and 14 to 21 in Turkish, depending on the domain chosen by the student;

Grade12,14 to 21 periods in French, 3 in English and 16 to 23 in Turkish, depending on the domain chosen by the student.

Foreign Languages : French, English

Optional courses : Computer Sciences, Advanced English, Linguistics, Mathematics, , Psychology, Philosophy

Admission

After primary school, students are obliged to pass a national examination in order to be admitted to private high schools.

Extracurricular Programs

Extracurricular programs hold a very important place in Saint-Joseph. A special hour has been fixed for extracurricular activities in the school program. Some activities such as drama or video clubs have weekend sessions as well.
